

WEST MTN

BAR & EATERY

Welcome to West Mountain Ski Area in Queensbury, New York! West Mountain has been offering visitors from near and far a mountain of fun since 1961. In the winter, West Mountain offers day and night skiing/snowboarding and snow tubing, dining, lessons, ski and snowboard rentals, and Montana tuning. In the off-season, West offers aerial treetop adventure tours, and mountain biking (downhill and cross country).

West Mountain also serves as a beautiful backdrop for weddings and special events all year round. Located at the foot of the Adirondack Mountains, nestled between

Lake George and Saratoga Springs, West was built by brothers, Michel, Paul, and Claude Brandt, who named most of the 31 ski trails (some of the trail names are featured on the menu with asterisks.) The West Express Burger was named after the new Triple Summit Chairlift that was installed on the Face trail in 2015. You can read more about West Mountain and its history at westmnt.net. We also invite you to like us on Facebook and Instagram.

Thank you for visiting West Mountain, and please enjoy your meal at the West Mtn Bar & Eatery.
